

TERMINAL BLOCK KIT

2 PACK

SD5304409888X2

This part may not be identical in appearance to the one on your appliance. It is, however, interchangeable with the original and comparable or superior in quality and performance.

- **This block kit is for both ranges and dryers.**
- **On dryers, the terminal block was mounted in some models using two (2) spring clips, which are no longer available.**
- **It will be necessary to drill 9/64" holes to mount the new block. The hex nuts are included in this kit. When drilling, use the terminal block to locate the holes.**
