

10' UNIVERSAL PEX ICEMAKER CONNECTOR SD65015

- 1/4" OD
- Easy to install with Quick Connect Nuts

INSTALLATION INSTRUCTIONS

1. Turn off water supply at shut off valve.
2. Install water connector.
3. Hand-tighten connection, then 1/2 turn with wrench. **Do not overtighten.**
4. Turn on water supply. Make sure there are no leaks.

NOTE: Make sure there is plenty of tubing for the refrigerator to move out from the wall without disrupting the connections.
